

August 19, 2020

Welcome Back!

We look forward to the start of school on August 25th. Here is the first of four communications that you will receive over the next few days.

1) In compliance with the Executive Order (EO), we are requiring all students (Y5-12th) and staff to wear a mask each day with the exception of eating, etc. as spelled out in the [Return to Learn Playbook](#). More important than compliance with the EO, we are asking that everyone wear a mask because some of the staff members that will be caring for your children do have health concerns. Given their dedication to providing a safe face-to-face learning environment, we respectfully ask that everyone do their part and wear a mask as a sign of support and appreciation for the health and safety of all CCS students and staff.

2) CCS has hired the consulting services of a licensed medical doctor and will employ two full-time RNs. In addition, CCS will be hiring a health and safety aide for each building. These steps have been put in place to help us stay on top of the latest information or changes so that we can make sound and timely decisions.

3.) Please check out the first of 4 [videos](#) provided by the Kent County Health Department that will help ensure a safe school environment.

\* Please remember to check out the Kent County School Toolkit updates which are posted to the [Back to School FAQ's](#) document.

Sincerely,

CCS Administration Team
