Dear Families,

The Netflix original series 13 Reasons Why has received much attention since its release weeks ago and continues to be a growing trend amongst the pre-teen and teenage population. We are hearing increased conversations about this series and how it is affecting some neighboring schools. The series is rated MA for mature audiences only and reviews caution parents to monitor viewing to the under 17 age group. Because of the show's heavy emotional topics, including suicide and sexual assault, drinking and drug use, we believe that it is important to provide you with some resources from reputable organizations.

The intent of this letter is not to encourage nor discourage you in viewing this series. It is simply to inform you of its existence and to be proactive in making sure you have some resources available should you choose to utilize them. Finally, if we can be of any help in assisting you in supporting your child, do not hesitate to contact us directly.

Partnering with you,
