Re: Class Dues (one time payment)

Date: September 2018

Your student's graduating class has some expenses that need to be covered each year and the funds to pay these need to be raised. The first expenses are those related to the homecoming activities each fall. There is the cost of securing a place for their junior prom, and several costs involved in the graduation ceremonies of their senior year, along with colored printing of their pictures in the yearbook.

We have found that if everyone does their part by bringing in their class payment, there is no need for fundraising, which everyone would like to avoid. The cost for every class member is **\$20** and there are several ways to get your payment submitted. Please make all checks payable to CHS Class of 2022. Students can bring in payments to the Main Office or to Mr. Schut's or Mr. DeHorn's classrooms by October 31. We greatly appreciate your attention to this matter as your child's graduation year will be here before you know it!

Thank you for your support and GO SCOTS!

Best Regards,
Mr. Schut, Mr. DeHorn and Mrs. Cook
Advisors, CHS Class of 2022
