

July 21, 2022

Dear Caledonia Community Schools community,

Summer is fast underway and we hope families are enjoying their time together. The start of the 2022/2023 school is just around the corner and we wanted to give families a few district updates to help plan for the upcoming school year.

Earlier this summer we released the full [CCS School Year Calendar](#). To provide further clarity, a [calendar list](#) version has also been created that denotes **building start and end times**, as well as adding a [complete listing](#) of all scheduled building open houses and orientation dates to our website. More building-specific information will be provided by building administrators later this summer.

We look forward to welcoming our students as they return on August 23.

Sincerely,

CCS Administration
