

December 1, 2025

Dear Caledonia Families,

We hope you enjoyed a restful Thanksgiving weekend surrounded by family and friends. As we return from the holiday, we want to take a moment to recognize a longstanding partner—the Caledonia Education Foundation (CEF)—that continues to make a tremendous impact on our students and staff.

For more than 30 years, CEF has invested directly in opportunities that elevate teaching and learning in Caledonia Community Schools. This year alone the Foundation has provided over \$40,000 in staff grants that support creative classrooms, innovative projects, and meaningful experiences for students across the district. In addition, CEF has awarded over \$20,000 in student scholarships and committed \$10,000 in Essential Funds to support Caledonia students in need. Their work reflects the heart of our community and a shared commitment to excellence for every child.

As Giving Tuesday approaches, we encourage our families to learn more about the Caledonia Education Foundation and the many ways they invest in our schools. The Foundation's [annual campaign](#) is now underway, and its recently released [Impact Report](#) highlights the difference CEF continues to make for Caledonia students and staff.

We are grateful for your support of organizations like the CEF that work so hard to ensure our students continue to thrive.

With appreciation,

CCS Administration
