Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for the Caledonia High School. The AER addresses the complex reporting information required by federal and state laws. The school’s report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Joe Lienesch or Jim Crites for assistance.

The AER is available for you to review electronically by visiting the following website https://goo.gl/5g3cb6, or you may review a copy in the main office at your child’s school.

For the 2017-18 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.
Our school has not been given one of these labels.

While many CHS students achieve at a high level, a key challenge for our school is ensuring that ALL students are career and college ready. As with other schools, our economically disadvantaged students do not perform at the same levels as other students. These students often require more resources, including additional instruction and social/emotional support. Finding ways to provide that support is one of our main focuses as a district and school. This year we began a new intervention program called Compass, which is targeting the needs of some of these students.

State law requires that we also report additional information.
