Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for the Emmons Lake Elementary. The AER addresses the complex reporting information required by federal and state laws. The school’s report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Tony Silveri, Principal for assistance.

The AER is available for you to review electronically by visiting the following web site Emmons Lake Elementary Combined School Report or you may review a copy in the main office at your child’s school.

For the 2018-19 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not identified as one of these.

Emmons Lake Elementary has implemented a building wide systematic process to positively impact student achievement. Trends in student achievement data indicate that we have key challenges within our four core academic areas. The Emmons Lake staff has worked to address these challenges through the School Improvement Process, utilizing our Multi-Tiered System of Support (MTSS), along with the implementation of a new reading series last year to help address some of the reading deficits. Our team will continue to collect and review data across our core subject areas to drive instruction and small group interventions. We continue to work on our Positive Behavior Support and Intervention program. This program supports all of our students by creating a positive environment to support increased student engagement. Through ongoing efforts, Emmons Lake Elementary staff will continue to try our best to provide a high quality education for all students.

State law requires that we also report additional information.
